PUBLIC NOTICE

Correction on the 2016 Water Quality Report
for
City of Lowell and Lowell Charter Township

Please Note: There was an error in the Copper – action level at consumer taps, parts per billion (ppb) for City of Lowell and Lowell Charter Township.

Water was listed as not detected (ND) and should have been listed as 12 parts per billion (ppb). This is well below the maximum level containment, allowing for safe drinking water.

A full report is available at City Hall. If you have any questions please do not hesitate to contact the Water Treatment Plant at 616-897-5234
